

July Highlights

Marci's Moment

There are many acts of kindness that happen between residents, staff and families every day. A resident who seasons scrambled eggs for their table mate who has limited vision. Residents who play piano by request because there was a change in the activity schedule. An RA painting the nails of a resident to make them feel special. The gifts that we don't ask for or expect from one another, but just happen. I am so grateful.

Cindy Barnhill has been a wonderful Resident Care Director and has been my partner and support in serving our community, but she has decided to pursue another path. For the joy, care, love, and prayers Cindy has shared with all of us here, I am grateful.

Resident Care News

It won't be long before we schedule a pharmacy to offer flu, RSV, and Covid vaccinations for residents and staff. Vaccines are an important way to stay healthy and independent. Let's keep doing the things we love—safely.
